SIFTON OPPOSES THE LAURIER LEADERSHIP

IN OPEN LETTER TO SENATOR BOSTOCK CLIFFORD SIFTON
TRADES FUTURE OF CANADA AND ASKS
FOR UNIONIST GOVERNMENT

Ottawa, July 25.—The following open letter has been addressed to Senator Bostock Liberal leader in the senate, by Sir Clifford Sifton:

Hon. Hewitt Bostock.

The Senate, Ottawa, Ont.

"My Dear Bostock: Will you permit an employer to respectfully express his views on the present grave crisis in the affairs of Canada?"

"As the leader of the Liberal party in the senate, you will shortly be called upon to deal with the military service bill. You and your colleagues will be faced with a grave responsibility."

"The world is in the final stages of a death grapple. No such dire and fearful tragedy has ever before occurred in the known history of man. The forces of tyranny and reaction throughout the world have rallied for a last desperate struggle. The fate of liberty, human rights, and free modern civilization are at stake. The issue is still altogether undecided and hangs in the balance."

"We have eighty thousand men in the fighting line. It is not more than our share. Their numbers are being daily diminished by death and the casualties of war. They are driven to the utmost of their physical powers by lack of reserves. Our reinforcements are almost exhausted."

"I am confident that I voice the sentiments of many thousands of Canadians when I say that at this supreme moment we owe nothing but freedom or Laurier. Corruption or Liberalism. The overwhelming importance of the crisis absolutely obliterates all considerations of personal or party. The only thing that that that be."

"1. To put every possible ounce of force into our making power with men, guns and munitions in order to help the allies to win the victory for liberty."

"2. To shield by our men at the front and give them abundant reinforcements and resources to admit of rest and recuperation."

"3. To maintain the honor of Canada and redeem our pledge to see the war through to the limit of our capacity."

"To men with many others, I had hoped that Sir Wilfrid Laurier, if he could not join a union government, would agree to an extension of the life of parliament so as to permit the Borden government to get on with its war policy. To the profound regret of many thousands of his best friends, he has declined such another course. I have no criticism to offer upon his course, nor anything except respectful sympathy for the difficult task of his position."

"The facts herein must be squarely faced."

"The morning of Sir Wilfrid's anti-party in Quebec is that they have determined to force an election on the single issue of conscription. Read the speeches which are daily being delivered and you find that their policy is effectual."

"4. No conscription. No money."

"5. Sir Wilfrid is entitled to power in the approaching election two thirds of his followers in parliament will be pledged to the full anti-conscription and pledged to the right against any and all preliminary and ineffective participation in the war. There:

"6. There will be no conscription in Quebec."

"7. There will be no recruiting in Quebec."

"8. Under these circumstances it will be absolutely impossible to raise troops in the other portions of Canada. Imagine a Laurier government trying to raise troops in the other provinces while Quebec secretly refuses to submit to conscription or to recruit."

"9. Our opponents at the front will be left stranded and will dwindle and disappear in effective fighting forces."

"The predominant and outstanding element behind Sir Wilfrid Laurier will not allow him to prosecute the war. No one who has the slightest

experience of parliamentary government in Canada can honestly gainsay this conclusion."

"It is said that a great effort is to be made to unite behind a solid Quebec all the elements in the population who are hostile or lukewarm in regard to the war together with certain of the larger business interests who feel that conscription will interfere with their operations. Thus a determined effort is to be made to return Sir Wilfrid to power."

"What will be the result of this effort if it succeeds? How is the war to be carried on with vigor by a parliamentary party which is controlled by a hostile majority?"

"To ask these questions is to answer them. With Sir Wilfrid in power the next war party of Quebec will dictate his policy. It is dictating his policy now."

"It is said that the government has made many mistakes. Probably it has. All the other war governments made mistakes. To err is human. It is said that more skillful piloting would have avoided this crisis. Perhaps it would. It is hard to say. On the other hand it is alleged that Sir Wilfrid Laurier, had he chosen to do so, when appealed to, could have found a way out of the difficulty. It may be so. It is easy to criticize."

"What is certain is that none of these things matters now. We have to face facts, not theories. The issue is simple. Either:

"1. We put our whole strength into the war, or

"2. We abandon our men at the front and dishonor our solemn obligation."

"I will go further. The decision of this issue will determine, once for all, whether Canada is a nation, dominated and held together by a national will and national sense of honor, or is a helpless aggregation of sectional communities, held together only by a time-serving consideration of sectional interest."

"If anything in this troubled world has been definitely clear it is clear to-day that we can grapple with this war in one way and one way only, by the formation of a union war government, administered on non-partisan lines, who will straddle the appeal for a mandate to the people of Canada and consistently be supported by every element in the population that is loyal to the cause."

"Germany is fighting desperately to wear out the fortitude of her opponents. If she succeeds the peace will be inconceivable. It will be no peace for us, but the beginning of an intolerable strain of preparedness for war."

"We are not fighting for sentiment, for England, for imperialism; we are fighting for the rights of ourselves and our children to live as a free community."

"Small Canada be the first of all the allied nations to sink to the level? Let us realize the position now. It will be no use to wake up when it is too late."

"Believe me, yours faithfully,
"CLIFFORD SIFTON."

Liberal Convention

A Liberal Convention will be held at Claresholm, in the Parish Hall on Friday, August 3rd, at 3 o'clock.

The purpose of the Convention will be to discuss the political situation and to appoint delegates to attend the convention of the four western provinces which meets in Winnipeg on August 7th and 8th respectively.

The object of the rally convention is to consider the whole political situation particularly as it affects Western Canada interests. It is felt that the time has arrived when it is very important that Western Liberals should meet in convention and consider that their attitude should be towards a number of serious and important economic and political forces.

It is hoped that there will be a good attendance at the Claresholm convention so that suitable delegates may be chosen.

WHEN WE SELL YOU SOMETHING FOR SEVEN DOLLARS FOR WHICH WE FORMERLY ASKED YOU TEN, YOU SAVE THREE DOLLARS OF REAL MONEY. BECAUSE IN SEASON WE SELL YOU TEN DOLLARS' WORTH FOR TEN DOLLARS.

Letter From Prof. Stephen
Re Stately Fair

Editor Claresholm Review-Advertiser

I wish to draw the attention of the public interested in the charges laid against Hon. Duncan Marshall by Mr. Rea of the Stately Exhibition Board. Mr. Rea states that I informed him that I had acquainted Mr. Marshall of the conflict in dates of the Stately Fair and the excursion to the School of Agriculture and the demonstration Farm, Claresholm. This I wish to emphatically deny. True, Mr. Rea phoned me regarding the matter. I told him the reason that the date of the excursion had been changed was because Mr. Marshall had to go east by August 2. Mr. Rea was told that he should phone Mr. Marshall and have a talk with him, because I had nothing to do with the excursion. As far as telling Mr. Rea that I had informed Mr. Marshall of any conflict in dates it is untrue and I can bring witnesses to prove my denial.

Yours respectfully,

W. J. STEPHEN

Losses Exaggerated

The report that the submarine loss totalled 1,000,000 tons a month has been denied. There was a mistake of one million, the total losses not being over 600,000 tons per month.

Extra Prizes For Claresholm Exhibition

The following extra prizes have been added to the list.
Class 5, Sec. 8—Four-wheel Clydesdale Dry Mare, over 3 years, 1st prize \$4, 2nd prize \$2.
Special—Team to wagon, registered grade, 100.00.

Grain Growers Want Much More Capital

Directors of the Grain Growers' Grain Company will ask the shareholders at a special meeting to be held in Winnipeg on August 15th, for authority to raise \$15,000,000 by mortgaging property and by bond issues, and to approve plans for the amalgamation of the company with the Alberta Farmers' Cooperative Elevator Company.

The request for the sanctioning of such enormous borrowing powers is taken to indicate plans for a widespread extension of the company's activities in grain handling and in cooperative selling throughout the west.

NO ELECTION WANTED

In this issue of our paper will be found an open letter from Hon. Clifford Sifton on the present political situation, which is one of the sanest things he has ever written. We trust that all of our readers will peruse it with great care.

Many of our political leaders are to day simply playing politics at a time when the whole nation should be straining every nerve in a great "win-the-war" movement. Laurier can no longer be the leader of the Liberals of Canada. His influence has gone with all patriotic citizens. We remember how, shortly before the war broke out, when three dreadnaughts were asked for the imperial navy as a war measure, how he then declared that there was no emergency. He was no doubt ignorant of the real situation that existed, as he is now when he declares that Canada is in no danger of invasion.

There is absolutely no need of an election at the present time. What we need is a union war government made up of the strong men of Canada. An offer of such a government is still open, and Sir Robert Borden has offered to step out of the premier ship if it is desired.

If we are to have an election, let every patriotic citizen remember that lined up with Sir Wilfrid Laurier will be every pro-German and every Quebec slacker in the Dominion. Whether we have in the past been Liberals or Conservatives, we believe that it will be the duty of every patriotic citizen of the Dominion to defeat such a situation.

To use Clifford Sifton's words: "The overwhelming importance of the crisis absolutely obliterates all considerations of persons or parties. The only thing that matters is:

"1. To put every possible ounce of force into our striking power with men, guns and munitions in order to help the Allies to win the victory for liberty.

"2. To stand by our men at the front and give them abundant reinforcements and resources to admit of rest and recuperation.

"3. To maintain the honor of Canada and redeem our pledge to see the war through to the limit of our capacity."

AVOID WASTE

The world war has taken so many producers from the sources of food supply that the world's consumption of food is greater than the amount available, and, consequently, food reserves are being rapidly depleted.

Millions of men are actively engaged in warfare and in the supply of munitions and equipment. They are fighting our battles and we must provide their food. Canada will produce all the food we can consume, but Canadians have never been known as a selfish race. Our allies, therefore, are depending upon us, for help and our people will unhesitatingly respond with generous hands.

The time for planning for 1917 is past, but the time of harvest is yet to come. There is very often much waste at this time, due, in many instances, to the lack of a demand at market prices. Fruit, especially, supplies much of this waste, and yet, while this waste is taking place, many families are compelled to go without it for lack of means to pay the market prices. Local organizations could easily arrange to bring the consumers in touch with this surplus fruit, thus it might not be wasted. The use of such perishable food, which would otherwise be wasted, will help to increase the supply of exportable food.

There is also much waste in the kitchen and dining rooms of Canadian homes. The waste in bread alone is a considerable item. Bread has been looked upon as one of the cheapest, stable foods and little care has been taken to prevent its waste by drying up, the discarding of crusts, etc. A little thought will show what this waste amounts to when the cumulative result throughout Canada is considered.

Sir Robert Borden has said that Canada is in the war "to the last man and the last dollar." Canada is also in the war to the last pound of food. Canadians are their brothers' keepers, and will feed them, cost what it may.

It is necessary, therefore, that we practice economy of the food supply. It is better to deny ourselves from choice than from necessity. There is no denying that there will be a food shortage, and the present is the time to put into practice thrift and rigid economy in the use of food.

Red Cross Notes

The following letter has been received by the Secretary:
Dear Madam:—We beg to acknowledge with thanks the shipment of supplies which reached us from Claresholm.

We very much appreciate the way in which the ladies in your district are working for the Red Cross. You have sent us some very nice work and we would like to thank personally all those who contributed in any way to this donation.

We would like to mention, that the body of the pyjamas should not be gathered to fit the neckband as we no longer require a button and button-hole in the neck band, and it is quite in order if there is a gap in the end of the neck band.

In making all bags it is necessary to have all seams made before being otherwise they rip up. Also the ends of the draw strings should be firmly sewn together by hand after turning in the ends. The "wedge" edge of the draw string should be hemmed.

The reason for mentioning these regulations is that it is necessary to make all our garments as durable as possible.

Thanking you again for your generous shipment.

MARY E. WAGG

Good Comedy

The Harris and Fry musical comedy company, which will be at the attraction of the Opera House during the Fair, will present two different plays, "The Isle of Sables" on Wednesday, August 1st and "A Night Out" on Thursday, August 2nd.

This company of renowned artists just completed a week's engagement at the Empress Theatre, Medicine Hat, during Stampede week and presented an entire different play every day. They are also contracted for two weeks at Lethbridge for the Chautauque week and fair week commencing August 1st.

Their first musical production, the "Isle of Sables," is considered one of their best plays in a repertoire of thirty-five musical successes. The Regina Leader says, "It is one of the cleanest and choicest musical shows on the road. It makes you laugh in spite of yourself. The well filled house fairly trembled with laughter and applause. Mr. A. J. Harris, a popular comedian, is being featured with this company; his style is all his own; he is funny without an effort and on stage entertainer excels him as an all around comedian. His eccentric dancing and way of singing parodies on popular melodies has won him an enviable spot in the hearts of all theatre-goers. It is a skit and a beautiful plot and affords Harris opportunity for considerable humor. An excellent cast is supporting Mr. Harris and Miss Fry, who assumes the prima donna role, besides a collection of young and attractive girls make up a chorus that compete with any that has heretofore been seen.

Don't forget, this comedy company will change their play the second night, which will be "A Night Out." New songs and dances, a show without competition surrounded by girls. Seats on sale at Claresholm drug store.

Prices 75c and \$1.00. Children 25c.

McLAUGHLIN SIXES

THE 1917 SERIES ARE REFINED AND IMPROVED IN DETAIL ALTHOUGH UNCHANGED IN GENERAL DESIGN

NOW in their third season of successful performance McLaughlin Six-Cylinder pleasure cars have won and are holding, among Canadians, an enviable reputation for Power, Efficiency, Comfort and Beauty.

Designed and constructed in Canada by Canadians for Canadian motorists, McLaughlin motor cars give better satisfaction under Canadian climatic and highway conditions than the average automobile.

THE mechanism and comfort of McLaughlin Sixes—Canada's Standard Cars—make them the invariable choice of men and women who drive for pleasure.

With abundant power—vibration-free, flexible and easily controlled—the man or woman at the wheel can enjoy all the pleasures of motoring to the full without anxiety.

McLaughlin Sixes are dependable cars and are SAFE cars to operate.

Six of the Girls with Harris & Proy Co.—Here Aug. 1 and 2

With Enthusiasm

Good News

Helmingford, Finland, Thursday, July 19.—The hall whereby Finland seeks to meet complete independence from Russia was adopted by the decided series of unopposed enthusiastic and solemnity.

London, July 21.—Premier Lloyd George said the food supply for the 1917-18 period had already been secured and that a programme of cultivation had been arranged to make the following year secure, even if losses increased.

Canadian Farmers

Receive Medals

Within the last few days a number of farmers in Western Canada have received medals and diplomas for their agricultural produce exhibited at San Francisco Fair in 1915. The exhibits were made under the auspices of the Canadian Pacific Railway which itself had its own building and large display on the grounds, for which it was awarded a gold medal. The successful farmers and the medals are as follows:

A. L. Fryberger, Gem, Alberta, gold medal for speltz.
P. C. Hansen, Pincher Creek, Alberta, gold medal for wheat.
Arthur Perry, Cardston, Alberta, gold medal for wheat, oats and barley, and silver medal for grasses.
N. Taitinger, Claresholm, Alberta, gold medals for barley and wheat.
J. T. Worthington, Olds, Alberta, gold medal for wheat and silver medal for flax.
A. E. Barnes, Nonisquam, Alberta, silver medal for oats.
S. G. Hagen, Wintburn, Alberta, silver medal for oats.
T. Maynard, Deloraine, Manitoba, silver medal for wheat.
Jos. R. Peterson, Raymond, Alberta, silver medal for timothy.

Among the British Columbia exhibitors medals and diplomas were awarded to Stirling & Pictorial of Kelowna, and Mrs. Jack McGregor, of Peachland.

Each of the exhibitors received diplomas with their medals. Although the distribution of medals, for unavoidable causes, is somewhat delayed, it comes at this time when the eyes of the world are turned upon the food producing countries as a vivid reminder of Western Canada's capabilities in this direction.

Meadow Creek Ripples

Mr. and Miss Hayes, who are visitors of Mr. and Mrs. de Forest, expect to return to Calgary this week.

Miss Maud Bell has returned home for a vacation.

Meadow Creek has visitors from Claresholm quite regularly. The good roads offer attraction to pleasure seekers in autos.

Miss Alma Buckingham has spent a pleasant week visiting the Misses Hamilton and Miss Hart.

Mrs. C. E. Crawford has been very ill this past week, but is reported to be improving.

The hills are expecting to offer some splendid attractions at the Fair in Claresholm in the way of riding bucking steers, bull dogging, fancy roping, and in the obstacle race.

The crops are very good in this district and if no more hail storms sweep the country the farmers will turn off a goodly number of bushels of grain.

Haying season has started and soon the harvest will follow.

Mr. and Mrs. Stanley Ferguson and family were visitors on the creek on Sunday.

The song service and Sunday school at Meadow Creek is reaping its harvest for its good work and is enjoying a good record each Sunday. It has all the officials appointed except the librarian.

The boys of this district are getting grey holes worrying over the new school teachers that arrive next month. They are afraid that they will not be good enough teachers.

Mr. McNab of Meadow, who is stock inspector, has been through this district examining the cattle of the ranchers.

Those that the big fishing trip has been forgotten by the boys. The ladies, however, have better memories. They tell the boys to wait until leap year again and they will then get even with them.

Two-Dollar Wheat

Washington, July 21.—Preliminary to a final vote on the administration food board bill late today, the Senate without a roll call adopted the bipartisan leaders' compromise for the minimum price fixing section. It authorizes a government guaranteed price for wheat only of not less than \$2.00 a standard bushel until January 1, 1918, payable at the principal interior primary markets.

Claresholm Exhibition starts next Wednesday. Are you ready?

T. MOORE, Managing Director

The Unattainable

The perversity of human nature, especially among Broadway loafers who are classified under the heading of "non-about town," led by Henry Morton to hazard any personal or financial inconvenience to the end that he might possess himself of Bessie Gale. This young actress, he is known, was called "the unattainable" in the Henry Morton set—and Morton tried his utmost to become the exception among his kind.

This condition of affairs was made the basis of the Bluebird Photoplay, entitled "The Unattainable," to be shown at the Rex Theatre on Friday and Saturday, July 27th and 28th, with Dorothy Davenport impersonating Bessie Gale and Richard Morris playing the role of the Broadway cad. Googling with the plot Morton followed Bessie's theatrical troupe across the continent, persistently presenting himself whenever she made the slightest move.

To have a moment to herself, Bessie descended from the wrong side of the train when it stopped at a waystation in the foothills of the Sierras one day, wandered alone in eager enjoyment of the mountain air and scenery and missed her train. Within the space of fifteen minutes Bessie, plus strange fate, altered the entire course of her life—she was changed from a stage butterfly to a woman facing the realities and responsibilities of married life.

Bessie's marriage, her life in the mountains, her subsequent return to Broadway and the method and manner of these accomplishments have been woven by Bluebird Photoplays into a big drama of intense power and gripping interest, filled with the vital and verve forces that conspire to awaken emotions, while furnishing, at once, good entertainment and moral edification.

Crop Report

The crop report for Alberta is not very satisfactory this week. East of Lethbridge the crops appear to be very light and will not in many cases be worth cutting. Portions of Southern Alberta report fair crops although the acreage is not large owing to the wet spring. From Calgary to Macleod and from Calgary to Lethbridge the crop reports are encouraging. The report which appeared in the Calgary Herald from Claresholm is about as near correct as it can be estimated at the present time. It reads: "Claresholm, July 20th. No sign of damage by drought yet. Rain would give a big crop. If drought continues summer fallow and breaking will give 25 bushels per acre. Spring and fall plowing 10 to 15 bushels."

Disruptive Fires

Serious forest fires are raging in B. C. It seems a pity that the splendid forests of the public province should be thus decimated year after year largely as the result of carelessness on the part of settlers in burning brush and from camp fires. The timber resources of B. C. are one of its best assets and should be more carefully protected.

Mrs. Pfeiffer returned on Friday last from a week's holidays in North Dakota. Mrs. Pfeiffer reports crops very light from Meadow Lake along the Soo line east. South Dakota will yield about one-half crop. If that, she also says that the best crop seen by her was from Macleod north.

Service to Customers

will be our motto. It has always been the policy of the Crown Lumber Company to avoid waste and give complete satisfaction to the customer in the purchase of all kinds of building material, as well as offer suggestions how to buy economically. It will pay you to call and inspect our stock, as well as have your estimate figured before buying.

Sir Henry Drayton Returns The Cheque

Ottawa, Ont., July 16.—For his services in investigating the Canadian railway problem, and compiling the report thereon, the national agent Sir Henry Drayton a cheque for \$15,000, the same amount as was paid his fellow commissioners, A. H. Smith, president of the New York Central and H. Aschcroft, financial expert. The cheque was returned by Sir Henry to the government with a letter stating that in this line of national stress he could not see his way clear to accept remuneration beyond regular salary even if additional later had been placed upon him.
